Government House

L. B.
No. 128/13

Sir!

In reply to your Communication of yesterday's date I have the honor to state that I have immediately addressed a letter now in the hands of Captⁿ Abram Simmons to the Governor General of the Danish W. I. Possessions at St. Croix, containing the request that the Slaves and Boat in question may be given to the bearer. Should this request be complied with it is almost superfluous to add that the Slaves will have to be conveyed here in order to stand their trial before the Court of Justice of the Colony of St. Eustatius & Saba.
